Naturerbe Zentrum Rügen

SIMPLY EXPERIENCING THE NATURE

Naturerbe Zentrum Rügen

Experience the unique combination of a modern information centre and a treetop walk, which both shed light on a variety of nature-related subjects. After a relaxing stroll through the canopy, the “Eagle’s Nest” viewing tower awaits you with breathtaking views over the island and marine sceneries. The treetop walk, the interactive exhibitions as well as guided walks to various highlights of the DBU Natural Heritage Site, will deliver exceptional insights into the biological diversity of the prevailing ecosystems: forest, open habitats and wetlands. Especially at the “Eagle’s Nest”, it only takes a little luck to get a chance to observe the majestic white-tailed sea eagle native to the island. The 52 meter long tunnel slide on the exit tower offers pure sliding pleasure.

View Tower

From a height of 82 meters above sea level, the 40 meter high “Eagle’s Nest” view tower allows magnificent views over large parts of Rügen. On clear days the church spires of Stralsund and the pylons of the Rügen Bridge are visible.

On the Treetop Walk

Take a walk through the canopy of a nearly-natural beech forest on the 1,250 m walkway with its learning and activity stations.

The DBU Natural Heritage Site Prora

Beginning with Prora in 2009, the non-profit DBU Natural Heritage corporation (DBU Naturerbe GmbH), a subsidiary of the German Federal Environmental Foundation (DBU), has been assigned 71 extensive areas from the government with a total area of about 70,000 hectares in order to preserve nature. On the former military properties, the forest division of the Federal Real Estate is entrusted to implement site-specific management concepts.

With its open landscapes, wetlands and woodlands, Prora is unique for its natural diversity. The main objectives of the DBU Natural Heritage corporation are to conserve biodiversity and to raise people’s identification with nature. Use the free Natural Heritage App to explore the Natural Heritage Site Prora on your smartphone! www.dbu.de/naturerbeapp

Wheelchair & Family Friendly

You and your children will be delighted by our services which include learning and activity stations along the treetop walk, child friendly exhibits, a free adventure playground as well as a colourful kids’ corner. A diverse vacation program and a choice of all-time favourite kids–menus complete the visit and create a family friendly atmosphere. The restaurant, exhibitions and the treetop walk, with a maximum gradient of 6 %, can be easily accessed with buggies or wheelchairs. Wheeled walkers and wheelchairs can be borrowed at the ticket office. Please notify us in advance on: **T +49 38393/66 22 00**

Interactive Exhibition

Young and old explorers can make sparks in the flintstone room, create their very own virtual wilderness, and visit native species in their domiciles. The free–admission, temporary exhibitions have a hands–on character and invite you to experience nature and environment related topics provided by the German Federal Environmental Foundation and other organizations.

Group Offers & Events

Daytrips, catering and guided tours, designed to suit your individual interests, are available for groups of 15 or more. The NatureLab invites students to immerse themselves in a variety of nature-related subjects.

For enquiries please contact: info@nezzr.de or call **+49 38393/66 22 00**

For more information on group offers and events, please visit our website: www.baumwipfelpfade.de/en/nezzr

Restaurant

After all your discoveries, the Boomhus Gastronomy invites you to sit back and relax. You can enjoy your meals and drinks in the spacious indoor area or in the adjacent beer garden.

Dogs & Pets

Dogs (and animals of all kinds) are not permitted on the treetop walk and in the information centre. Exception: Disabled companion and assistance dogs. There are boxes with drinking water available for free.
