

Erlebnis Akademie Annual General Meeting: Shareholders support the company's course with retention of profits to support growth

Bad Kötzing, August 12, 2022 – At yesterday's Annual General Meeting of Erlebnis Akademie AG, the Management Board and Supervisory Board again received strong approval from shareholders for the company's strategy and orientation, which is now also aimed at the international market outside Europe. All items on the agenda for resolution were approved by a large majority.

"We are very pleased about the great support from shareholders, especially given that we now have two difficult Corona years behind us, which slowed us down somewhat in terms of development. All the more pleasing for us is the great backing from investors, and the prospects for the current fiscal year, with two new locations and an expansion in Alsace with the addition of a large adventure forest, are good."

In addition to ratifying the actions of the Management Board and Supervisory Board as well as the election of the auditor for fiscal year 2022, the shareholders also approved the joint proposal for the appropriation of profits by the Management and Supervisory Boards. Accordingly, the accumulated profit 2021 in the amount of 5,362,134.89 Euros will be carried forward to new account and left in the company to further secure liquidity and for future investments in new projects.

Erlebnis Akademie AG opened two new locations in 2022 - one treetop walk each in Ireland (end of June) and Canada (end of July). In addition, an expansion was created at the Treetop Walk Alsace by an adventure playground. This makes the company the world's leading provider in this area, with currently 13 treetop walks (five of them in Germany) and four Adventure Forests.

About Erlebnis Akademie AG

Erlebnis Akademie AG was founded in 2001 in Bad Kötzing, Upper Palatinate, Germany, and is now one of the leading providers of nature-based leisure and adventure activities in Germany. To date, the company has built 13 treetop walks, including complementary facilities, with a total investment of around 70 million euros. The German sites are located in the Black Forest, the Bavarian Forest National Park, on the islands of Rügen and Usedom and at the Saarschleife.

In addition, two sites were built in the Czech Republic [Lipno nad Vltavou (2012); Krkonose (2017)] and one each in Slovakia [Bachledova/High Tatras (2017)], Austria [Gmunden, Salzkammergut (2018)], Slovenia [Pohorje (2019)], France [Alsace (2021)], Ireland [Avondale Forest (2022)] and Canada [Laurentides (2022)]. In addition, the company has already implemented a total of four Adventure Forests at selected locations. The educational content was implemented in cooperation with renowned partners such as the Deutsche Bundesstiftung Umwelt. In 2021, a total of more than 1.7 million visitors visited the treetop walks of the eak group. In addition to the planning of - under normal conditions - an average of two to three new adventure facilities per year, there are additional concrete growth perspectives through the expansion of existing facilities, the expansion of merchandise, gastronomy offers and cooperation marketing - as well as in perspective through concept transfer to other nature adventure worlds.
